The L. M. Albert scholarship.

The E. W. Gates scholarship.

Scholarship founded by the News Leader Company, through President A. B. Williams.

### MAY CAUSE MILK FAMINE

Quarantine Against Foot and Mouth Disease Alarming in New York.

NEW YORK, Nov. 21.—Thousands of cattle, swine and sheep have been held in pens here as a result of the order placing in quarantine all animals from foreign countries coming from the States of New York and Pennsylvania, and today the local authorities are taking prompt steps to combat the foot and mouth disease, the rapid spread of which made the quarantine necessary.

It is feared that in addition to a scarcity of beef, with resultant high prices, milk famine may be caused.

A large supply of the milk used in this city is sent from countries in which the industry is reported to have found a foothold. If these countries should be quarantined as a result of the epidemic the milk supply will be seriously curtailed. The cattle quarantine will work a hardship on the big steamers which carry the live-stock to European ports. The Atlantic transport lines, Minneapolis, which usually carries a thousand head of cattle, sailed to-day with only one head, which had been held before getting into port.

The stomach gives tons upon tons of good rich blood every year to the system and draws only 680 pounds of nourishment for its own use. When the blood is taken it becomes useless to the body and it receives no help from the other organs.

Stomach Dosepills Tablets contain the most perfect digestive qualities known to science, and at the same time the most powerful. They will mix with the poisonous juice of a sick stomach and digest food in spite of the condition.

They will stop gas making and heartburn. They tone up the nerves of the whole digestive canal, including those of the stomach.

A single tablet contains strength enough to digest 3,000 times its weight in mixed food.

They have stood the test of time and to-day are more popular than all other tonics combined.

They are used and endorsed by 400 physicians. Every drugstore sells them price 50c. It costs nothing to demonstrate their value.

Send address and we will send you a trial package by mail free.

Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

## "Man Is As Old As His Stomach"

This Persian Epigram is the Real Gauge of a Man's Life."

The Persians were a very sagacious people, noted among other things, for their deep thinking on life and the things which make up life.

The above quotation shows the wisdom of their thought.

When a man's stomach is able to furnish new material to the system as fast or faster than the natural decay of old materials, then such a man lives his fullest and best life.

When through wrong living it disengages a man's stomach begins to tax the other organs, and takes from the blood stream which is to give to the body what it needs.

When a man's stomach is able to furnish new material to the system as fast or faster than the natural decay of old materials, then such a man lives his fullest and best life.

The stomach gives tons upon tons of good rich blood every year to the system and draws only 680 pounds of nourishment for its own use.

When the blood is taken it becomes useless to the body and it receives no help from the other organs.
